## Purple Party Dominates Vote O'Grady Becomes New President

The Purple party, led by Tom O'Grady, came on to win the senior elections by a political landslide, after a fast and furious campaign.

On Friday, September 25th, at a senior meeting in the school auditorium, the three presidential candidates and their campaign managers stated each party's platform. The actual voting followed, and the outcome was as follows; Purple 278, Gold 74, and White 27. O'Grady accepted his victory graciously, and promised to do his best throughout the coming year.

### Preparatory Meetings Conducted

Last June 22nd, a meeting of our present seniors, presided over by Brother A. James, was held in the cafeteria. Plans for the coming school year were briefly discussed, and nominees for school offices were chosen. Soon after, at a second meeting consisting of only those nominees, a select few were chosen for candidacy. These names were then submitted to the faculty who investigated the backgrounds of the aspirants.

## Alumni Dance Sets A New Attendance Mark

As a reminiscence for its former students, Loughlin conducted its Annual Alumni Dance Friday, September 11th. This affair, the eleventh of its kind, took place in the main ballroom of the Astor Hotel at Times Square under the direction of a committee guided by Brother A. James, its moderator.

### Memorial Tribute Given

A record crowd of 485 couples attended, surpassing by far the dances of previous years. Music was provided by Jimmy Caruso and his orchestra and refreshments were served during the course of the evening. A program was provided containing the names of those responsible for the success of the dance as well as a memorial tribute to Bill Willenbacher of the class of '51 who had been so active in the organization of former affairs.

Brother James, commenting on the affair, stated that the enthusiasm seems to be promising for future dances.

## School Admits 501; Adds New Courses

This year Loughlin admitted 501 new freshmen into its ranks. However, this is less than last year when 550 were accepted.

In an attempt to stress science, the Frosh will be given General Science in their first year and the usual Biology course in the second. Biology lab, which normally lasted two periods will last one this year. During the other forty-five minutes, guidance and reading periods will alternate. The change was made to prepare the student for college science.

After much deliberation the final candidates selected as the model students needed to represent our school were Harry Murray, representing the Gold party, Jim Oberst representing the White party, and Tom O'Grady representing the Purple party.

## Students Excel In Merit Examination

Last spring, as in previous years, the Junior body of Loughlin participated in the National Merit Scholarship Exam. The test was administered in the school auditorium.

### Results Announced

Compared with previous records the outcome of the examination was as good or better than that of recent years. The results of this competition shows that 21 students attained a 99 percentile, 18 students attained a 98 percentile, and 24 students a 97 percentile, a total of 63 students in the top three brackets. The 99 percentile indicates they placed higher than 99 percent of the students throughout the nation.

### Students Honored

In the 99 percentile bracket were: G. Jacobi, J. Oberst, P. Cullinan, C. Rest, G. Stack, J. Buckingham, G. Geary, J. Kelly, J. Malinovsky, K. McManus, B. Toseland, J. Martos, G. Pappas, J. Williams, C. Poole, E. Averill, T. Brady, J. Byrne, P. Grassotti, J. Wunner.

## The Principal's Welcome

Dear Men of Loughlin,

It is my good fortune once again to welcome you to another year of achievement at our great school. The Faculty join me in welcoming your return. It is our fond hope that all of you had a very restful summer.

We look forward to an outstanding year in the history of Loughlin. To fulfill all our hopes it will be necessary that the Senior Class recognize its role as the leader in every phase of the Loughlin program. We expect leadership from you, men of the Class of 1960, in studies, athletics, social and religious activities. I'm sure you won't disappoint us.

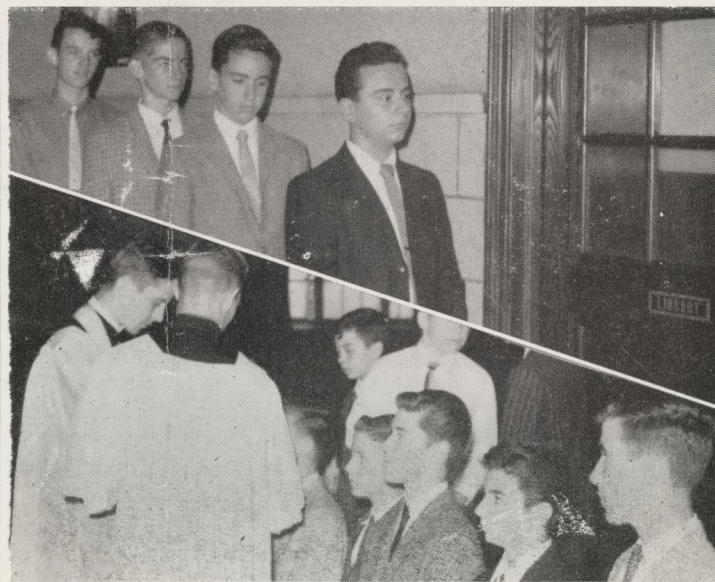

To the Junior and Sophomores, let me urge you to complete the foundation of your studies. Third and Second Year Men ordinarily fail to realize the importance of time and study in these years. Yet, they are crucial years. There is no reason why any student in these years should have to fail, go to summer school, repeat or be transferred in September of 1960. We challenge you, Juniors and Sophomores, to break with tradition and produce a minimum of deficiencies this year.

To the Freshmen - a hearty welcome! Don't be overawed by all you see and hear. Settle down to a program of study. Join one or two extra-curricular activities. Then you will be off to a good start. Seek advice from Faculty members. Your Guidance Counselor is always ready to help you. The Principal is ever at your disposal when you have a problem. Come in and talk it over.

To all of you and to all of your good parents, I and the wonderful Faculty at Loughlin wish you every success and blessing during this year of 1959-1960.

## Annual Retreat Inaugurates Fall Semester; School Shares In The Spiritual Program

Students Await Confessions and Communions

During the first three days of the week of September 21, all Loughlinites participated in the annual school retreat sponsored by the diocese. Father Thomas Cribbin and Father Joseph McGroaty, both diocesan priests, were the two retreat masters.

### Refreshes Our Souls

As is the custom in all diocesan high schools, this retreat was planned at the commencement of the school year as a refresher for the students spiritual lives. Father Cribbin mentioned that as in the same way a business man takes inventory every year, we, too, must take a spiritual look of ourselves every year.

### Confessions Are Heard

Although the upperclassmen were completely separated from the lowerclassmen, everyone was afforded the same opportunities which included confession at any time, Mass every day, and a number of conferences each day. Some of the other activities were spiritual reading and a question box period in the classroom and Benediction of the Most Blessed Sacrament at the conclusion of the day. Throughout each day, freshmen classes received their conferences in the gym because of the seating problem in the auditorium.

## Five Enter Christian Brothers; Start Instruction at Barrytown

September 7th marked the acceptance of six Loughlin graduates as novices in the Order of the Brothers of the Christian Schools. They received their habits in an impressive religious ceremonial at the Barrytown Novitiate, New York.

### Loughlinites Commence Novitiate Year

Hugh F. Daley '58 - (Brother Thaddeus Terrence) came from St. Kevin's Parish in Flushing. Among his activities were Track, the Loughlinite, the Jamesonian and the Gold "L" Society.

John F. Kramer '58 - (Bro. Francis Andrew) was a parishioner of Most Precious Blood, Astoria. He participated in Forensics, the Jamesonian and the Loughlinite.

Denis J. Keohane '59 - (Bro. Denis Arthur) hailed from St. Joseph's in Long Island City. Debating, the Jamesonian and the Benilde Club were some of his activities.

Daniel F. Hickey '59 - (Bro. Daniel Patrick) was from St. Stanislaus' Parish, Maspeth. He took an active part in Tennis, Track, and the Benilde Club.

Arthur J. Griddin '59 - (Bro. Kevin Arthur) came from St. Mary, Help of Christians, Min-

field. He engaged in Debating, and the Legion of Mary.

Thomas Berry '59 - (Brother Thomas Arthur) was from the Parish of St. Kevin in Flushing. Dramatics, the Legion of Mary and the La Salle Club were part of his extracurriculars.

## Dr. Carroll, Teacher for 18 Years, Dies June 29th

Dr. Henry Carroll, the dean of the Loughlin faculty, died last June 29th, 1959, at the close of his fifty-fourth year of teaching. He was 75 years old.

### Educated in New York

December 1, 1883, Dr. Henry Carroll was born in New York City. He attended St. Brigid's Elementary School in New York and received his high school education at Mount St. Mary's.

After four years at St. Bonaventure College he was awarded his Bachelor of Arts Degree, with a major in English and a minor in Speech. His first position was teaching Civics at Mt. St. Mary's where he remained for six months. Upon leaving there he taught speech for two years in the Maryland parochial school system.

### Active during War

During the First World War, Dr. Carroll was engaged in selling War Bonds across the country. Later he started working for the Bell Telephone Co., teaching Speech to the executives and salesmen. After his retirement from the Telephone Co., Dr. Carroll returned to school for post-graduate work. He attended the American Academy of Drama and

the Fordham Law School. Upon completion of this work, he received his Ph.D.

### Came to Loughlin in 1941

Throughout his 18 years at Loughlin, Dr. Carroll showed a real dedication and love for his work as well as possessing a great teaching ability. He was regarded as a symbol of the devotion that a Loughlin faculty member shows to his profession.

## Student Council Assumes Duties

With the Loughlin Handbook as a guide, 150 Student Councilors began their roles as the enforcers of the school regulations.

### Maintain Order

The Councilor responsibilities include keeping order on the stairways and corridors and policing the cafeteria and the schoolyard. Through their position the Councilors are authorized to issue summonses which oblige an offender to appear before the Student Court, Loughlin's judicial body. At these sessions suitable punishments are given out, which are to be completed by the next meeting.

### President Presides

The president of the Senior class of 1959-60 will also serve as president of the Student Council. His duty will be to preside over all the activities of the Council.

## Welcome

We the editorial staff of the *Jamesonian* wish to welcome back the Sophomore, Junior, and Senior classes and greet the Freshmen. We hope that this school year will be a successful one for all. The secret to success lies in the attitude of the individual. If he is willing to give his time, efforts and talents, he will succeed.

Let us learn to consider Loughlin our "Home away from Home" instead of merely a place of learning. Like a home, Loughlin must be built upon honor and respect and furnished with the loyalty of its inhabitants.

## As I See It

As the doors of Loughlin swing open to start the 1959-60 semester, the faculty and upperclassmen prepare to welcome the 501 freshmen. As new members of the Loughlin family you must realize that your school is rich in tradition. You must uphold the responsibilities as well as preserve the ideals that have made Loughlin great.

Many of us who encounter new experiences often fail to realize the opportunities involved. You, new students of Loughlin, are a part of a great four year opportunity, and you must realize that to take full advantage of the benefits which can be reaped you must first understand all of the duties involved. As beginners you should at first observe Loughlin at work. You should not become star-eyed and jump

into every activity that presents itself. If you wish to add to the greatness of Loughlin, go slowly at first and listen to the advice of your teachers and upperclassmen. Finally when you have chosen something, stick to it and give all of your best effort to enhance the glory of the school.

Moreover, fellow students, as beginners you must not make the mistake of thinking of Loughlin as a playground. You are here to learn so that someday you may take your place in the world. Remember you have a great responsibility to your pastor, parents, and Loughlin itself to study and work diligently for four years. If you always remember to do your best in everything you undertake, I am sure that the traditions and ideals of Loughlin will be enhanced by your efforts.

## Around Loughlin

ROSS BAIERA  
and JOHN WUNNER

Before presenting some hilarious bits of humor we would like to bid welcome to the happy students of Loughlin . . . only we can't find any. School isn't that bad, is it? Well is it?

In case you're wondering what some of our students did over the summer vacation, we present these adventures:

Take the Senior who just got his driver's license last July. On his first day of solo driving he was stopped for driving the wrong way on a one-way street. When the policeman asked him where he was going, he answered: "I don't know, but I must be late. Everyone's coming back."

Another one of our students spent the summer on his uncle's farm. While examining the farm's livestock he remarked:

"My what a funny looking cow? But why doesn't it have horns?"

His uncle replied:

"There are many reasons why a cow doesn't have horns. Some don't have them till late in life, others are dehorned, while still other breeds are not supposed to have horns. This cow doesn't have horns because it's a horse."

"And now a word from our sponsor" said the priest as he prepared to read the Gospel.

A proton to an electron entering an atomic reactor.

"Goin' fission?"

Now we present some definitions valuable to anyone intent on flunking English.

RINGLEADER: first one in the bath tub.

INTELLECTUAL: someone who can listen to the William Tell Overture without thinking of the Lone Ranger.

OPPORTUNIST: a man who, finding himself in hot water, decides to take a bath.

NOTHING: a balloon with the skin off.

SLOGAN: a gun that shoots slow bullets.

MISTLETOE: the bottom of a missile.

COLD WAR: snowball fight.

By the way did you hear about the women who reported the preacher's kidnapping to the Bureau of Missing Parsons?

We over heard one of the freshmen telling his homeroom teacher that he had trouble remembering things. The teacher asked, "When did you begin to notice this condition?" Then the frosh answered with an inquisitive voice, "What condition?"

We leave you with these happy thoughts:

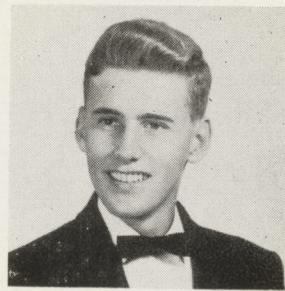

"Like your pleasure big . . . ride an elephant."

"He who laughs last seldom gets the point anyway."

## PERSONALITIES

ROSS BAIERA

Lead off man for this year's personality column is none other than Harry Murray, better known as "Furry" Murry (ha, ha). At his home parish, St. Francis of Assisi, Brooklyn, Harry is an usher and a member of the baseball team.

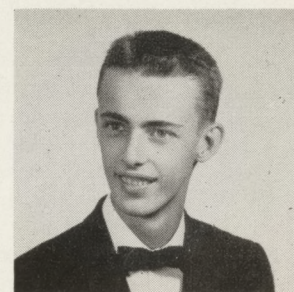

Harry Murray

He commutes daily to room 117 by means of the IRT. This well rounded Loughlinite lists Public Speaking, *Jamesonian*, Math Club, Debating, Benilde Club, and a berth on the varsity Tennis team (whew), as his extracurricular activities. Intellectual Harry is the owner of 5 Gold L's.

During his leisure time he travels out to Hempstead to visit two beautiful fans, namely, Kathy and Dale. The field of Engineering is in view for Harry at Manhattan.

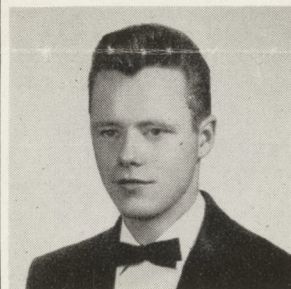

Now we present the lion of the track world, Jim Oberst. Instead of running to school Jim lets the B-29 (BUS not plane) and the "GG" do his traveling for him. Meanwhile back to his parish St. Teresa, Woodside, Jim belongs to the Confraternity and the Nocturnal Adoration Society.

Besides being the captain of the track team, Jim has maintained an average of over 95%. Equaling his track accomplishments he broke a record by getting 99% average, the highest in the school. During his spare time he participates in the intramural program. After blowing out all the fuses in his home, Jim has decided to pursue an Electrical Engineering Course at Manhattan.

Jim Oberst

At this point we come upon the familiar face of Tom O'Grady. Tom travels each day to these hallowed halls from Blessed Sacrament parish, Jackson Heights by means of the old faithful "GG".

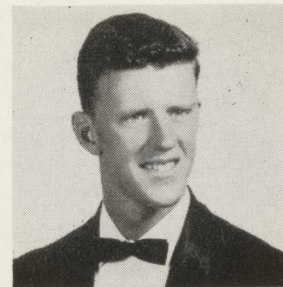

Tom O'Grady

For the last three years this ambitious Loughlinite has held the job of Intramural Manager. This plus membership in the Weightlifting Club keep this guy on the go. Tom is a former member of the tennis team, the Spike Shoe Club and the Glee Club.

Tom's outside interests include stamp collecting, reading and *les belles femmes*. This man about town hopes to take up engineering at Manhattan College.

Next on our parade of stars comes Kevin "the tall red head" Shine. Kevin comes to us from Woodside via the IND. He is a member in good standing of St. Sebastian's parish where he heads the Holy Name Youth Committee and plays center for the C.Y.O. senior basketball team. The position of Notary Squire for the McKenna Circle of the Columbian Squires keeps our red headed friend quite busy.

Kevin Shine

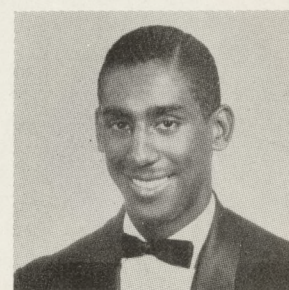

Here at Loughlin he is very active as the President of the Benilde Club. He has accumulated six Gold L's so far and is a member of the Leo Honor Society. Kevin is a former track and basketball man. He can now usually be found during lunch period in the back of the cafeteria under a fortress of milk containers.

Now let me present Tyrone Pannell alias "Ronny" the trackster from 119. He is a four year member of the Spike Shoe Club and presently holds the Catholic high school high jump and hurdles championship. During the summer months he runs for the New York Pioneer Club.

Tyrone is President of the Confraternity in his home parish, St. Martin of Tours, Amityville. He is also a member of the Columbian Squires.

"Tennis anyone?" is the cry of this lad during his leisure time (what leisure time?) He also claims to be a weightlifter.

Ty plans to study either law or business at Manhattan College.

Tyrone Pannell

## LOUDSPEAKER

— Frank Lisciandro —

### TO THE FRESHMEN

You have begun your four year stay at Loughlin, during which your life will follow an entirely different pattern. You will find that Loughlin life does not consist entirely of scholastic work, but that social organization and athletic teams play an important role.

Without the support of the entering frosh each year, "Leo's" athletic program would flounder. Therefore you can well consider yourself one of the pillars supporting our sports accomplishments. You can not let down your new "Home away from home". Join a team now!

For your own sake do not wait only to end up finally a member of the "2:45 Club". Act now!

### TO THE SOPHOMORES

After a year in the school you all know the score! You know the teams, moderators, and coaches. Many of you have joined teams in the freshman year and are now, or will soon be, actively engaged in them. To you I say "Luck" and warn you that as sophomores you may at times be tempted to quit because the extra time or effort may result in a slight inconvenience.

As for the others who did not partake in the program last year, it's not too late! Many of you told yourself that you would join after checking your frosh marks. Well, the marks are checked, now let's do some joining.

### TO THE JUNIORS

You've past the half-way mark and now are considered upperclassmen. To those of you, still members of the "Out-as-quick-as-I-can" Club, remembers, the junior year sets you on the road which you will undoubtedly follow next year. If you make this third year a profitable one you can be sure of a good senior year. If, on the other hand, you insist on flaunting your responsibility and ignoring your abilities you will find your "year of power" lacking in effect.

If you are a member of a team or club, "practice makes perfect" should be your personal motto. Constant, uninterrupted practice this year will result in medal winning next.

Those of you interested in joining a team should lose no time, since this, no doubt, is your last chance. Waiting for the senior year to roll around will remedy nothing.

### TO THE SENIORS

You finally made it. You attained the position for which you have been struggling three years. Your last year of scholastic work and extra-curricular activities is upon you. As seniors you will find that your biggest problem will be trying to keep the two sides of your school life in balance.

Those engaged in an activity will find that, as seniors, you will be required to set the example for the underclassmen. Your "goofing-off" at practice or in competition will tend to influence them to think they can afford to do the same. Do not lead a frosh or sophomore on the wrong road, for it will undoubtedly end in his leaving the team or not using his abilities fully.

Also, as seniors, you will find yourself confronted with an intramural program the likes of which you have never seen. Much time and work have gone into these programs to make them the best possible. Engage in at least one intramural program, it won't occupy that much of your time and you will find yourself, better off for it.

## Intramural Program Begins

Under the auspices of Brother Richard, the School's Intramural Program will soon begin. A report on three of the programs follows:

### Track

The annual freshman track intramurals, this year, was held on September 17th, 18th, 21st, and 22nd. The first three days will be spent in determining who will run in the final Championship meet on the 22nd.

During these three days, four classes will compete each day in a total of 10 events with the first five boys in each event competing in the final meet. As this paper goes to press, the competition on the 18th and 19th has been completed already between classes 205, 206, 208, 214, 216, 217, 219, and 225. Totalling the results of the first two days, 214 is leading with 42 points, 205 is

second with 38, 208 has 33 and 206 has 31 points.

### Bowling

The bowling intramurals this year will begin on September 28th under the guidance of Brother Cyprian Jerome. Brother Cyprian Jerome expects a turnout of over 350 boys. According to the procedure to be followed, each class will form three teams with a minimum of five and a maximum of seven boys on each team. Every team will play 2 games a week on the 5 point system.

### Handball

Brother Daniel, the new moderator of the handball team, announced that intramurals would be held in October, a week for each year, beginning with the Freshmen as long as the weather permits. Competition between Junior and Senior classes may have to be deferred to Spring.

## Sports Preview at Loughlin Shows Promise of Success in Coming Season

### Cross-Country Squad Commences Practice

Directed by Mr. Miles and Bro. C. John, the cross-country team has commenced practice in preparation for the upcoming meets.

Due to last year's graduation, the X-country squad is left with only a handful of experienced runners. Among those remaining to run on this year's team are Ed Bowes, Marty Hannon, Jim Oberst, John O'Connor, Kieran Moran, and W. Daly. Returning to the cross-country team as J. V. runners are George Cappiello, J. Typiec, M. Jennings, D. Van Denmark, of last year's frosh team.

### Coach Miles Speaks

Coach Bill Miles has summed up this year's chances for a team championship by stating, "Because of the loss of such stars as Geraghty, Reid, Morin, and Thomas, and we really have nobody moving up, this will be a lean year. We are concentrating on the Freshmen and Sophomores with the hope that by next year we will have a pretty good team. When you have a bad year it generally results from the fact that the frosh and soph turnout in previous years was weak. Our aim this year is one of rebuilding rather than one of accomplishments. Because of this year's weak team, we're not going up to Schenectady for the Grout Memorial Run, October 3rd, which Loughlin has won more than any other school entered in this annual meet."

Loughlin's sports program will soon get into full swing. As a spring preview The Jamesonian presents a report on four of the major sports, basketball, swimming, tennis and baseball:

### BASKETBALL

The Lion basketball team has begun to practice for the upcoming 1959-60 season. Returning from last year's varsity will be Petterson, Proto, Pare, Tennant, McManus and Vierling. They will be assisted by Lembo, Klink, Lein, Reese, Blythe, Parchinski and Schnappauf who formed last year's J.V. team. Envisioning a successful season, Mr. Tedesco, the hoopsters' coach, stated "We should have a fast strong team and should do well although it is too soon to tell."

### TENNIS

The tennis team, which is under the direction of a new member of the faculty, Brother Alban Francis, plans to play a few matches this fall. The fall schedule includes the CHSAA tournament which will be played at Boulevard Gardens and the Fall Tennis Tournament; early next month the Freshmen Tennis Tournament will be held.

When queried as to the team's aspect for the year, Brother Alban replied: "It all depends on the amount of interest they put into the game and how important they feel it is."

### SWIMMING

The Varsity swimming team, after finishing second last year, returned with eleven varsity members. The veterans include Donahue, Enis, Finnegan, Brockey, Herwick, McKenna, Ingram, Stafford, Langlin, Dalton and Atkinson.

Coach Harry Benvenuto stated "I think the team has a good chance for the CHSAA title, although the competition will be very tough especially from St. Francis."

Last year's Mermen showed their strength by garnering four first places at the CHSAA championships. Among those that captured first prizes were Pagano in the 50 yard freestyle, Donahue in the 100 backstroke and Mike Mundy in the 150 medley. The 200 yard medley team of Donahue, Finnegan, Trunz and Mehrtens also garnered first place.

### BASEBALL

Coach Tedesco stated regarding this year's team, "We have some promising players coming up this year and added to those a few returning from last year, we should do well. Our pitching and fielding are strong."

The promising players which Mr. Tedesco spoke of include: Delia, shortstop; Irving, first base; Blythe, outfield and Parchenski outfield. Those returning from last year's varsity are, Peterson and Lombo, pitchers; Proto, outfield, and Stopoff, first base.

## Tennis Star Ron Holmberg Visits Alma Mater Following Success At Forest Hills

Ron Holmberg a member of the June '56 graduating class revisited the school on Monday, September 14th. His visit occurred 3 days after his upset victory over Rod Laver of Australia in the National Tennis Championships at Forest Hills. Ron went on to the semi-finals but was defeated by Alex Olmedo of Peru.

During his visit, Ron posed for photos along with members of the faculty. He also granted an interview to the "Jamesonian". The substance of this interview follows:

**Ques:** Did you join the tennis team in your freshman year?

**Ans:** Yes, and I remained on the team throughout my 4 years at the school.

**Ques:** What honors did you win while at Loughlin?

**Ans:** I was CHSAA individual champion for 4 years, and I also won the National Boys and National Juniors titles.

**Ques:** Was the tennis team winner of the CHSAA team title during your stay?

**Ans:** Yes, the team won the title 4 years in a row.

**Ques:** Did you receive a scholarship at graduation?

**Ans:** Yes, a full athletic scholastic scholarship to Tulane.

**Ques:** What is the status of Tulane's tennis team and are you it's captain?

**Ans:** Tulane has the top-ranked college tennis team in the country, and this is my second year as captain.

**Ques:** When were you first elected to the Davis Cup team?

**Ans:** In '56, I also served on the team in '57 and '59.

**Ques:** What is your ranking in the U.S.?

**Ans:** In '57 I was ranked sixth but due to a pulled shoulder I was dropped to eighteenth in '58. This year I expect to be ranked fourth or fifth.

**Ques:** What sort of persuasive argument would you use to encourage more people to play tennis?

**Ans:** Well, there's the incentive that if you become good enough at tennis, it can take you around the world, playing in tournaments. You also have the distinction of representing your country as a foreign sports ambassador.

**Ques:** What are your tennis plans for the future?

**Ans:** I will continue to play tennis this year at Tulane and after graduation I hope to become a tournament player. Of course, I hope I'll be again elected to the U.S. Davis Cup team.

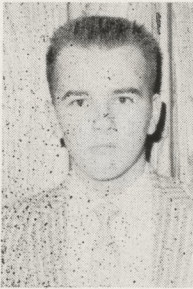

Heart of the Matter

JOHN SZELIGOWSKI

Since juvenile delinquency tends to discredit all teenagers it is pertinent that we discuss the problem of delinquency and the effect it has on us.

SZELIGOWSKI

As implied by the word delinquency, there is lacking in the juvenile an essential quality necessary for his adjustment into modern society. This deficiency is basically a want of realization that he, even though almost mature, must obey and respect authority, be it parental or civil.

Being aware of this we can see that the solution for future generations lies in the early disciplined training of the child. We can learn from experience and plan ahead, but for the present, courts, threats of punishment and reformatories must exist to make the delinquent fear authority if he will not respect it.

Much publicity is being given to juvenile crime in the newspapers. Many have gone overboard in their coverage of delinquency in an attempt to sell more papers. This is resulting in a deformation of all teenagers and has caused distrust to take the place of confidence in adult and teenage relations.

Some advocate the placing of a curfew on teenagers as a means of curbing juvenile violence. What good will this do? Most of the crimes of youth are committed well before the time any reasonable curfew and if a crime is intended the relatively minor offense of breaking curfew will dissuade no one. The net result will then actually be the curtailment of the lawful activities of reputable teenagers.

What should be done to remove these after effects of juvenile delinquency? The best answer is that delinquency be removed. However, since this lies well in the future, we must strike at the problem indirectly. The accomplishments of youth should be stressed and the advertising of its wrongdoings be lessened. Youth must display its personality in personal contact with others, to show its ability to do good by associating itself with charitable movements and organizations.

Its most potent weapon in correcting any unjustly placed suspicions is to overshadow the deeds of its misguided counterparts by others which are better. This requires much work and effort but will make the adult appreciate the teenager and will help him to realize that his mistrust was wrongly placed.

For the teenager the project is mostly a face saving one, one in which he will prove that not all juveniles are delinquents.

VOICE OF LOUGHLIN

Q. What was your first impression of Loughlin? (Asked of the Freshman Class).

A. My first impression was that it is as good as they say it is. I have the best teachers and the best upperclassmen. This school is an example of how to rid delinquency in high school.

Raymond Roswell  
1A - 217

A. Loughlin impresses me as a fine school with a faculty of learned teachers who are willing to be of any assistance when it is necessary.

William C. Baumann  
1A - 217

A. Brother Ambrose, my home room teacher, says we will hate the school the first few weeks and he is right, and I hope that I get to like the school after that time.

Robert Russo  
1A - 208

A. I am glad to be a student in Loughlin. I knew it was a good school right away because of its friendly atmosphere.

Ronald Conti  
1A - 225

A. When I came to Loughlin I thought it was great. I still do.

Michael Monaghan  
1A - 208

A. When I find my homeroom, I'll let you know.

Still Lost  
1A - 513

Lion Manual Appears:  
Lists Beneficial Data

With the start of the 1959-60 school year, Brother Peter, Loughlin's vice-principal, has inaugurated the **Loughlin Handbook**. This pamphlet was introduced to aid every student, keeping him informed of the rules and regulations of the school.

Scope of Handbook

Besides these rules and regulations, there also many hints which will be of assistance to scholastic and athletic minded students, as well as tips to aid the student in future endeavors. Furthermore, the handbook contains a section listing the various college requirements, what colleges look for, applications, entrance examinations, and the locations of Catholic colleges. We, as Loughlinites, will benefit from this work inasmuch as every student will attain a clearer and fuller understanding of what is expected of him.

Faculty Focus:

Loughlin Welcomes Faculty Additions;  
Ten New Members Assume Positions

The new school year presented Loughlin with ten new Brothers and lay teachers. These men came from various parts of the United States and Canada.

NEW FACULTY (left to right, seated): Brother Xavier, Brother Mark, Brother Wilfred, Brother Lawrence, (standing): Brother Henry, Brother Alban, Mr. Perciaccante, Brother Dominic, and Brother Basilian

An interesting addition to the faculty is Brother M. Wilfred. Brother, participating in an exchange program, traded classrooms with Brother A. Robert. Previously of Saint Foy, Canada, he will moderate the ping-pong club, and teach French and Religion. Returning to Loughlin following an absence of several years, Brother A. Lawrence, who won the varsity baseball coach-of-the-year award at Loughlin in 1955, will teach the business subjects and coach our J.V. baseball team. Also returning is Mr. Palmento, who will teach math and French.

The remaining Brothers and lay teachers, for whom this is a first appointment at Loughlin, are: Brother C. Xavier, who well known to many of the faculty, will instruct his students in General Science; Brother Basilian, former coach of Manhattan's Glee Club, which garnered third place in the National Fred Waring contest, will coach our Glee Club and will teach English; Brother B. Dominic, formerly of Troy's LaSalle Institute will teach Science and Religion. Brother A. Henry, from Christian Brothers Academy, Albany, will impart to his students knowledge of the past and present by teaching World History and Social Studies. Brother C. Mark, teaching English, will coach the Dramatic and Public Speaking Societies. Brother Alban, of LaSalle Academy, Rhode Island, will teach American History and Religion. He will coach our tennis team.

Our new lab teacher, Mr. Perciaccante, seen patrolling the corridors in the morning, will add his services to the Science and Math Departments, teaching physics and mathematics.

Our Prominent Alumni:  
Where Are They Now?

Does a Loughlinite have what it takes to succeed? To find the answer to this question, we consulted old alumni papers and several prominent faculty members. This is what we came up with:

Don McNulty began his singing career in Loughlin's Glee Club. He continued at Manhattan where he was discovered by Jack Benny. With Benny's help he soon became the celebrated Dennis Day, now a singing star of stage, screen and television.

Rev. John Long, class of 1942, first American ordained for Russian Rite, is studying at Lourain, Belgium.

Henri Blanc, class of 1950, former tennis star, is assistant banquet manager at the famous Plaza Hotel, New York.

Dan McGorty, class of 1955, who throws the javelin for Manhattan has been nursing a broken hand in hopes of being ready for the next Olympics.

Scarcity of space compels us to stop here when we have just begun.

MODERATORS

Athletic Director:

Brother Cletus Adrian

Loughlin Games:

Brother Benedict Philip  
Brother Cletus Adrian  
Brother Cyprian Anselm  
Brother Christian  
Brother Clementian Mark  
Brother Charles Felix

Orchestra:
